

## **CODES ENFORCEMENT COURSES**

### **GENERAL**

Introduction to Codes Principles and Applications – C100	\$162.00
Computers in Codes Enforcement – C101	\$108.00
Legal Aspects of Code Administration – C102	\$54.00
Zoning Inspector and Property Standards – C103	\$54.00
How to Prepare for a Certification Exam – C104	\$54.00
Rules and Regulations Governing Contractors, Engineers and Architects – C105	\$54.00
Introduction to Plans Review – C106	\$216.00
Applications of Code Mathematics – C107	\$54.00
Accessibility Inspector and Related Code Applications – C108	\$54.00
Certified Building Official Legal and Management – C109	\$108.00
Certified Building Official Technology – C110	\$162.00
Significant Code Changes – C111	\$54.00
Overview of the International Energy Conservation Code (Residential) – C112	\$54.00
Overview of the International Residential Code – C113	\$54.00
Inspection of Storage Occupancies – C114	\$54.00
Maze of Walls – C117	\$54.00
Hazardous Materials – C124	\$54.00

**BUILDING CODES**

Building Inspector I – CB100	\$270.00/\$48.00
Building Inspector II – CB101	\$162.00
Residential Building Principles and Code Applications – CB102	\$270.00
Commercial Building Principles and Code Applications – CB103	\$162.00
Property Maintenance and Housing Code Applications – CB104	\$54.00
Existing Building Principles and Code Applications – CB105	\$54.00
Model Energy Code Principles and Code Applications – CB106	\$54.00
Common Excavating and Grading Requirements – CB107	\$54.00
Building Construction Combustibles and Non-Combustibles – CB108	\$54.00
Properties of Wood Frame Construction – CB109	\$54.00
Structural Steel Inspection and Code Applications – CB110	\$54.00
Manufactured / Modular Home Principles and Code Applications – CB111	\$54.00
Non-Structural Plans Review – CB112	\$162.00
Special Occupancy Plans Review and Code Applications – CB113	\$54.00
Seismic Inspection and Plans Review – CB114	\$108.00
Means of Egress – CB115	\$54.00
Concrete and Masonry Principles and Code Applications – CB116	\$54.00
Performance Based Equivalency Evaluations – CB117	\$54.00
Seismic and Wind Bracing Requirements for Wood Frame Construction – CB118	\$54.00
Change of Occupancy Code	\$54.00

Applications – CB119	
Special Uses and Mixed Occupancies – CB120	\$54.00
Overview of the International Building Code – CB121	\$54.00
Comparison of Standard Building Code 1997 Edition (Residential Provisions) to International Residential Code (2003 Ed.) – CB122	\$54.00
Comparison of Standard Building Code 1999 Edition (Residential Provision) to International Residential Code (2003 Ed.) – CB123	\$54.00
Fire Design and Means of Egress: Comparison of the Standard Building Code to the International Building Code (2003 Ed.) – CB124	\$54.00
Comparison of Standard Building Code 1999 Edition (Residential Provisions) to International Residential Code (2003 Ed.) – CB125	\$30.00
Day-Care Occupancies – CB127	\$54.00
Overview of the International Existing Building Code and International Property Maintenance Code – CB128	\$54.00
Non-Structural Plans Review Checklist Procedures – CB129	\$54.00
Sticks and Bricks – CB132	\$54.00
2006 International Building Codes (IBC): Code Changes – CB134	\$54.00
Fundamentals of the International Building Code – CB135	\$54.00
Building Fundamentals of the 2006 International Residential Code – CB136	\$54.00
Area Modifications in the 2006 International Building Code (IBC) –	\$54.00

CB137

Overview of the 2006 International Building Code (IBC) – CB138 \$54.00

### **ELECTRICAL CODES**

General Electrical Code Concepts – CE100 \$54.00

Residential Electrical Principles and Code Applications – CE101 \$108.00

Commercial Electrical Principles and Code Applications – CE102 \$162.00

Commercial Electrical Plans Review CE103 \$162.00

Commercial Electrical Inspector – CE104 \$54.00

Electrical Code and Calculations – CE108 \$54.00

### **FIRE CODES**

Fire Inspector I – International Code Council (ICC) – CF100 ICC \$270.00/\$48.00

Fire Inspector I – National Fire Protection Association (NFPA) – CF100 NFPA \$270.00/\$48.00

Fire Inspector II – International Code Council (ICC) – CF101 ICC \$216.00

Fire Inspector II – National Fire Protection Association (NFPA) – CF101 NFPA \$216.00

Fire Safety Plans Review - CF102 \$216.00

Building Fire Protection Systems – CF103 \$54.00

Fire Proofing Methods and Protection of Rated Assemblies – CF104 \$54.00

Fire Sprinkler Design and Plans Review – CF105 \$108.00

National Fire Protection Association (NFPA) Life Safety Code Principles \$162.00

– CF106

Storage Tanks for Combustibles \$54.00  
Principles and Code Applications –  
CF107

Overview of the International Fire \$54.00  
Code – CF108

Overview of National Fire Protection \$54.00  
Association (NFPA) 72 National  
Fire Alarm Code – CF109

Overview of National Fire Protection \$54.00  
Association (NFPA) 30 and 33:  
Flammable and Combustible Liquids  
and Spray Operations – CF110

Overview of National Fire Protection \$54.00  
Association (NFPA) Life Safety  
Code Principles (101) – CF111

Means of Egress in the Life Safety \$54.00  
Code and the International Building  
Code (IBC) – CF112

National Fire Protection Association \$54.00  
(NFPA) 58, LP Gas Code – CF113

2006 International Fire Code (IFC): \$54.00  
Code Changes – CF115

National Fire Protection Association \$54.00  
(NFPA) 25: Inspecting Sprinkler  
Systems – CF116

Life Safety Code Fundamentals – \$54.00  
CF117

Performing International Fire Code \$162.00  
(IFC) Inspections – CF118

Ventilation Control and Fire \$54.00  
Protection of Commercial Cooking  
Operations – CF120

High Piled Combustible Storage – \$54.00  
CF121

Performing International Fire Code \$54.00  
Inspections – CF122

**MECHANICAL CODES**

General Mechanical and Gas Code \$54.00

Concepts – CM100	
Residential Mechanical and Gas Principles and Code Applications – CM101	\$108.00
Commercial Mechanical and Gas Principles and Code Applications – CM102	\$162.00
Commercial Mechanical and Gas Plans Review – CM103	\$162.00
Overview of the International Mechanical and Fuel Gas Code – CM104	\$54.00
Gas, Pipe and Sizing Workshop – CM105	\$
Commercial Mechanical and Gas Principles and Code Applications – CM108	\$54.00
Mechanical Ventilation and Exhaust – CM109	\$54.00

### **PLUMBING CODES**

General Plumbing Code Concepts – CP100	\$54.00
Residential Plumbing Principles and Code Applications - CP101	\$108.00
Commercial Plumbing Principles and Code Applications – CP102	\$162.00
Commercial Plumbing Plans Review – CP103	\$162.00
Overview of the International Plumbing Code – CP104	\$54.00
Performing Combination Plumbing Inspections – CP107	\$54.00
Traps, Interceptors, Separators and Special / Indirect Waste – CP108	\$54.00
Piping Protection and Structural Support – CP109	\$54.00

### **PLANNING AND ZONING**

Powers and Duties of the Planning Commission / Zoning Board of Appeals – CPZ100	\$16.00
Land Subdivision – CPZ101	\$16.00
Parliamentary Procedure – CPZ102	\$16.00
Public Hearing Procedures – CPZ103	\$16.00
Public Buildings – CPZ104	\$16.00
Wireless Telecommunications Facilities – CPZ105	\$16.00
Land Use – CPZ106	\$16.00
Historical Buildings: Zoning and Rehabilitation – CPZ107	\$32.00
Public Hearing Procedures (4 hours) – CPZ108	\$54.00
Effective Enforcement of Land Use Regulations - CPZ109	\$54.00
